CONSENT WAIVER

It is important to understand the risk of surgery as well as anesthesia. Although extremely low, the risk of death is always present, just as it is for humans that undergo surgical anesthesia.

The Fox Valley Animal Welfare League Spay Neuter Clinic employs highly experienced licensed veterinarians in addition to using the highest quality materials for every procedure performed.

As the owner or agent of this animal, I authorize the Fox Valley Animal Welfare League to perform the surgical procedure as scheduled. I authorize the veterinarian to administer any treatment that may be deemed medically necessary during the course of the procedure.

I release and indemnify all Fox Valley Animal Welfare League employees, volunteers, and agents from all liability.

I understand that the veterinarian maintains the right to refuse to perform surgery on any animal for whom surgery is deemed a health risk.

Pick-up is around 4:00 pm, please try to arrive around this time. A late fee of \$1 per minute will be added beginning at 5:30pm.

Your pet may receive a small green tattoo on their belly indicating the pet has been spayed or neutered.
